APPENDIX E-072 P

END-ITEM PGC PROGRAM REQUIREMENTS FILE INQUIRY DOCUMENT

1. PURPOSE

   This appendix is applicable to chapter 25 and describes the prepar-
ation of the End-Item PGC Program Requirements File Inquiry Document,
DIC ZRV, appendix B-72. This document is used by DSCP-T to inquiry the
End-Item PGC Program Requirements File for POI (Program Oriented Item)
Requirements by PIC (Program Identification Code) for either an
individual PGC or an entire file printout in PGC sequence.

2. APPENDICES USED IN THIS PROCESS

   a. Appendix A-42, Action Codes.

   b. Appendix B-72, End-Item PGC Program Requirements File Inquiry
Document.

   c. Appendix F-299, End-Item PGC Program Requirements File Listing.

3. RESPONSE ORGANIZATION ELEMENT

   a. End-Item Managers at DSCP-T may initiate requests to interrogate
the End-Item PGC Program Requirements File by PGC to obtain POI
Requirements by PIC for the PGC.

   b. The POI Monitor and other Systems Analysts of the MSO at DSCP-T
may initiate requests to obtain a total file printout of POI
Requirements by PIC for each PGC in the file in PGC sequence.

4. PROCEDURES/INSTRUCTIONS

   a. The End-Item PGC Program Requirements File Inquiry Document, DIC
ZRV, will be prepared IAW appendix B-72. Action Codes applicable to
this procedure, RY and RZ, are defined in appendix A-42.

   b. Action Codes RY and RZ will cause the printout of the requested
data in the format of appendix F-299, End-Item PGC Program Requirements
File Listing. Action Code RZ must have a numeric ORC on DIC ZRV and is
subject to VRC OG, Mass Cancellation System Inquiry Verification Request
(see appendix E-072 V). Review the printout to find the data required.
Annotate listing and retain until such time as management decision is
reached and then destroy.

5. FLOWCHART

   Flowchart not required.
